- nate with a steel tube frame
- High-tech craftsmanship meets sustainable product design
- Beech or oak from national, sustainable PEFC-certified forestry
- Extra-thin material thickness on the seat and back
- Lightweight and elegant without compromising on stability
- Slightly bevelled front seat edge for exceptional comfort
- Well thought out through to the end of the product's life cycle: materials can be separated and sorted and are completely recyclable
- Suitable for use in offices and public spaces, e.g. cafeterias and restaurants
- Matching tables, benches, bar stools and stools complete the product range

STACKING CHAIR
WITH FOUR-LEGGED FRAME

Designer: Atelier Steffen Kehrlé

model no.

7702

seat and back

- seat and back moulded plywood
- three-dimensionally shaped, flattened edge due to Hydro-Plus process
- not upholstered

frame

- frame steel tube
- invisible connection of back

standard finish

- wooden parts natural beech, satin lacquered
- frame coated in lava
- basic gliders plastic (01)

more features

- stackable

options and accessories

- wooden parts beech stained according to beech standard range, satin lacquered
- wooden parts oak stained according to oak standard range, matt lacquered
- frame coated in selected colours
- frame chromed
- basic gliders felt (04)

colours

Coating hues frame

- lava similar to RAL 7021 dura oder RAL 7021 FS matt
- stone similar to RAL 9002 dura oder RAL 9002 FS matt

stain colours according to Brunner standard range

armrests

- armrests in steel tube, coated in the colour of the frame
- armrests in steel tube, chromed (in combination with chromed frame)

stackable
